On January 9, 2006, the Court stayed the instant case pending the resolution of the related criminal case, United States v. Mirza Ali, et al., No. 02-40081 CW (Superseding Indictment returned March 10, 2005) and rescheduled the case management conference. See Stipulation and Order, etc., filed January 9, 2006. Subsequent case management conferences have been continued and the most recently scheduled case management conference was set for December 8, 2006 because the criminal action had not yet been resolved. See Stipulation and U.S.A. vs. 1069 Canyon Creek Terrace, Fremont, et al.
 C-05-2414 CW

Order filed August 24, 2006. The related criminal case has yet to be resolved and thus this case remains stayed. In the event the stay is lifted in the near future no productive progress will have been made with regard to a resolution of the instant case prior to the date of the presently scheduled Case Management Conference and as a result a Case Management Conference at this juncture would not be productive.

Accordingly, the parties agree, subject to this Court's approval, that the Case Management Conference currently set for December 8, 2006, be rescheduled to April 13, 2006 at 1:30 p. m. because the criminal case has not yet been resolved, the instant matter is presently stayed and a case management conference would serve no beneficial purpose at this time.
